隨着時代轉折的關鍵時刻即將到來,新聞攝影或報道攝 影的歷史角色越見吃重。

為了更完整和立體地反映這個歷史時刻的新聞事件及社 會現象,香港攝影記者協會今年除繼續主辦比賽之外, 並增加了展覽部分。

作為歷史演變的見證,由會員自已揀選提交的一張展覽 作品正好填補新聞事件以外的空間,因為我們並無為這 張作品定下任何標準規範,會員可以在一連串視覺經驗 中尋找自我的感覺,不需局限於直接呈現事件的某部 分,使作品有更多的視點和價值觀。

這種嘗試還只是起步階段,我們希望藉此鼓勵新聞攝影 工作者在利用影像反映社會動態之餘,亦多作其它範疇 的攝獵,培養多方面的社會觸覺,使影像變得更為鋭利 透徹。

在比賽部分我們在四百張參賽作品中精選了這批得獎作品;令人驚喜的是它們之中所涉及的報道層面比前更為 豐富。

其中新聞事件或者人物特寫已不盡是觸目的人和事的反 映,相反,較多地觸及我們周遭的生活,我們相信類似 作品能引起觀者的更大共鳴。

在圖片故事類別,我們亦喜見同行在不同地域採攝時所 付出的努力成果,我們看到反映本地社會變遷的作品所 呈現的是不同深度的人和事,視野寬闊且觸動人心。

外省勞工的專輯亦使我們有較寬闊的空間去體驗他們的 感受,攝者的投入使這經歷多年不衰的社會現象看來不 再簡單地屬於別人的事。

整個展覽給予我們的是一個互動成果的經驗;攝協在構思比賽和展覽時作了些新嘗試,而同行的努力亦為我們展現了一個多層次的視覺經驗。

我們更要再三感謝藝術中心和多個贊助機構和商號一直 以來的支持,否則以我們一班不善生財的新聞攝影工作 者,實難以籌辦這樣一個較大型的活動,在此謹以這批 具誠意的影像向大家致意。會長 陳偉民 令人感興奮的是,近年本地攝影界,特別是新聞攝影記 者本身,正逐漸對新聞攝影加以重視。一九九五年藝術 中心與香港攝影記者協會合辦首屆《前綫·焦點》比賽 及展覽,向公眾展示九四年本地的優秀新聞攝影作品。 由於展覽無論在參賽作品素質,以至從來自公眾的反 應,均十分優秀和積極,令兩主辦機構深感有繼續舉辦 是項展覽的必要。

當香港逐步進入一九九七,社會張力及政治矛盾更形頻密和明顯。這人類歷史罕見的現象,為攝影者製造不少有趣的題目和影象。有時候新聞界如何拍照,也反映了觀看新聞事件時態度的轉變。例如與去屆相比,港督的曝光率大為減少,也許也反映出當前的政治情況。儘管在芸芸參展作品中,立法局選舉及中英爭拗似乎屬較熱門題目,但基本上這些作品在題目上仍屬頗多元化,充分反映出香港文化中多元兼收的特色。

在眾多得獎作品中,它們均有一共通特色,即是在這充滿張力和不安的年代,仍能捕捉生活中的諷刺、痛苦以至幽默的一面。

這批圖片總括了香港新聞攝影記者在一九九五這動盪年 代的努力成果。希望本地新聞攝影記者能得以繼續以獨 立和尊嚴的身份從事其工作,亦希望《前線·焦點》這 展覽能一年復一年地在藝術中心展出。

何慶基 香港藝術中心展覽總監

Foreword

Journalistic photography has been a much ignored branch of photography in Hong Kong, despite the fact that it has been an important part of our everyday lives. Over the years the Hong Kong Arts Centre has been actively promoting this particular area of photography by on the one hand bringing to Hong Kong exhibitions of journalistic photography, such as the blockbusting "Robert Capa" retrospective, and on the other hand working with local photojournalists in nurturing the appreciation and development of local journalist photography.

It is a delight to see that a new awareness of the importance of journalistic photography is developing in recent years, especially among the photographers themselves. In 1995, the Centre worked with the Hong Kong Press Photographers Association in organising the first competition/ exhibition featuring the finest local press photographs for 1994, The quality of the entries and the positive responses from the community gave us the encouragement to continue this again this year.

As Hong Kong is approaching 1997, social tension and political conflicts are becoming more frequent and more prominent. The dramatic scenario of a city experiencing a historically unprecendent transition creates many fascinating topics and images for photographers. In a way the angles taken by these photographers also reflect the change of prespective among the local press as they look at the news events in Hong Kong. For example, in comparison with last year, the Governor is no longer the prime target for the press cameras, which might be a reflection of the present political reality, Although we can identify certain popular topics such as the Legislative Council Election and the political tension between the British and the Chinese among the submitted works, topics of the local press photographs remain pluralistic, which is a characteristic feature of the Hong Kong culture.

Among many of the award-winning photographs, there is one thing in common; their works which are able to capture the irony, agony and even humour during this unusual period of tension and trauma.

This collection of photographs summarises the hard work done by the Hong Kong press photographers in 1995, at a time of turbulence and changes. I sincerely hope that these photo- journalists can continue their word with independency and integrity, and I am looking forward to seeing the "Focus at the Front Line", exhibition to be held at the Arts Centre again and again. Oscar Ho Exhibition Director Hong Kong Arts Centre

However Good You Are, You Can Do Better ...

Nikon F90X Higher speed, greater accuracy.

Every professional photographer knows that it is critical to get every single frame right. Because even in several rolls, the perfect moment comes only once, and that one frame must be flawless. Now there's a camera with an autofocus system so fast and accurate, an exposure system so advanced, you can entrust to your camera what once you only entrusted to your keenly developed senses. Even in complex lighting conditions, D-type AF Nikkor lenses send information on lens focusing distance to the camera's computer for advanced 3D

matrix metering computations. Better still, it forms the core of a powerful system that includes a vertical shooting grip MB-10 and a new speedlight SB-26 with a wireless slave flash. The new Nikon F90X. With features to make a great photographer greater.
